

COL Grant for the 26th AAOU Participants

Sponsorships will be given to 10 participants below the age of 45 as of 2012. This is an effort to provide support to mid-career academics rather than senior management staff with due considerations for gender and regional representation from Asian Commonwealth countries. As there is limited funding available for this grant, the sponsorship will only cover the conference registration fee and accommodation fee (CAD500). The grant will only be awarded to the applicants whose abstracts have been accepted for presentation.

Interested applicants should submit the following documents to the Conference Secretariat when they submit their full-paper:

- a) a current curriculum vitae
- b) a brief description (one/two paragraphs) that outlines how this specific conference will contribute to your present roles and responsibilities
